

Garden Centres to try in Aylsham

If you fancy a morning out then there are two garden centres which are certainly worth a look and are only a short distance apart from each other, so it's a win win situation!

Woodgate Nursery - Cawston Road, Aylsham, NR11 6UH
(tele: 01263 731510)

This was my first port of call and what a gem it was too! Thanks to Jo our Chairwoman for the idea! A really great selection of plants & so reasonably priced too. Several plants including a viola called "Freckles" just had to be bought! There is also a good variety of pots, compost & bulbs as well. If you like bearded iris then pop along, they had a good selection of colours. When I went I was told that they were awaiting even more stock so I will definitely have to go back! The customer service was brilliant and the staff were knowledgeable and helpful something you don't always get these days.

Aylsham Garden Centre - Norwich Road, Aylsham, NR11 6ED - (tele: 01263 687005)

I had been to this garden centre quite a few years ago and my goodness how it has changed, it's so much bigger and what a choice of plants! I made my way outside and took a breath, what did I look at first! A great selection of plants, vegetables, herbs and border plants. I succumbed to a "Poppin Purple" agapanthus for my mum, if it's true to the picture it's going to be a beauty! There was a big area of bedding plants, basket plants and herbs too. Roses and peonies were just some of the other plants on sale too. I will certainly re-visit this centre to buy some of the herbs, I should not have hesitated on this visit as they had quite a variety on offer. I hope you now have a couple of ideas of where to go if you have a free morning and don't know how to spend it!
